ROBBED OF HER JEWELS

Mrs. Charles C. Rumsey, favorite daughter of the late E. H. Harriman, who was robbed of a fortune when a thief got away with her jewels.

years for the association. In executive session, the committee passed upon more than 200 questions submitted by the attorneys. Only a few were stricken out, and Mulhall will be subjected to a searching examination in an effort to determine the accuracy of the story of his ten years' activity, as he has detailed it for the last two weeks. The committee decided that the lawyers could search the witness' mind for any facts bearing upon statements he made in a letter or in testimony he gave, as they were identified. He may be on the stand several days.

There was another report today that former Representative James E. Watson, of Indiana, mentioned frequently by Mulhall, was seeking to secure an indictment of the lobbyist for perjury by a District of Columbia grand jury.

Watson consulted with District Attorney Wilson last week about an indictment, but after Mulhall voluntarily retracted statements reflecting upon the former Congressman's public record, his friends understood that he did not expect to push the matter further in legal channels.

Wilson has indicated the position of the administration.

Mr. Wilson gave the committee a complete history of his diplomatic connection with the Madero and Huerta regimes. He criticized Huerta freely, but advocated support of his government on the ground that it could control the situation in the republic better than any other.

One of his proposed conditions to recognition will be the demonstration by the Huerta government that it was able to control at least the major portion of the republic.

Tried to Protect Madero.

Sharp questioning by members of the committee characterized the recital of the ambassador's connection with the events immediately following the downfall of Madero. He declared he and other foreign representatives had repeatedly told Huerta that no harm must come to Madero and Suarez, the reported President and Vice-President. He was confident Huerta was innocent of any participation in a plan to kill the two men, and that the shooting had occurred without his consent, and in fact against his desires.

The attitude of the Taft administration was criticized frankly in its relation to the enforcement of American claims. Ambassador Wilson insisted he had used every effort at first to enforce the claims of Americans, but that he had received little support from the United States government. The committee asked him categorically as to the many instances where it has been claimed the American consular and diplomatic officers did not give fair protection to Americans or their property.

Wilson denied any such charges, claiming the American had had to appeal to German or other foreign officers for aid or protection.

FIVE DAYS' TRUCE

Greek and Serbian Delegates Willingly Agree to Armistice.

London, July 30.—The alacrity with which the Greek and Serbian delegates to the Balkan peace conference at Bucharest consented today to a five-days' truce bears out indications emanating from Greek sources yesterday that transport difficulties were hampering Greek operations, and that the recent fighting had been more favorable to Bulgarians than the Greeks were willing to admit. This seems further confirmed by a Sofia semi-official dispatch saying the Bulgarians had won victories on the upper Bregalnitsa River, the plain of Lechovo and in the Mesta Valley.

It is expected the conference at Bucharest will last two or three weeks and the chances are said to favor peace.

The government informed Parliament today that Great Britain would take no separate action against Turkey in the Balkan dispute.

SCHOOL APPROPRIATION

Council Will Decide on Question of New \$100,000 School Building.

Action on the \$100,000 school appropriation which has been recommended by the School Board for the Southside meeting of the City Council on next Monday night. The matter will probably be turned over to the Finance Committee, which, after considering the question, will make a report at a subsequent meeting.

As a result, in a large measure, of the efforts of Professor E. E. Smith, principal of the Southside schools, the School Board advised at its last conference the appropriation of approximately \$100,000 for the construction of a modern twenty-room structure, with an auditorium, to replace the old Edinburg Street School. It was at first proposed to add a wing to the present building and build the rest of it later. The board did not favor this plan.

Business organizations and social bodies have long felt the need of an auditorium in which to hold meetings, there being no adequate hall that can now be used for such purposes. A large school auditorium is desired, and the Council will be especially urged to install this feature.

Pollard Meeting To-Night.

A meeting of the South Richmond John Garland Pollard Club will be held to-night at 8:30 o'clock in the home of J. K. McCotter, 1124 Hull Street. Many voters have joined the club since the last conference, and a large crowd is expected to attend. President Thomas B. Morton will preside, while short addresses will be delivered by several of the members. The report of the membership committee will be read, and the club's roster is expected to show a substantial gain. Plans will be discussed for further strengthening Mr. Pollard's vote on the Southside.

Interest Grows in Political Rally.

Great interest is being shown on the Southside in the big political rally which will be held in Huston College Part II, to-morrow night for the purpose of giving State candidates an opportunity to speak before the voters. All the candidates will either be present in person or have a representative on hand. If the courtroom will not hold the crowd, the speaking will be transferred to Washington Square.

Band Concert To-Night.

Stein's Band will play in Washington Square to-night at 8:30 o'clock. This is the last opportunity Southside residents will have to hear Stein's musicians, as his contract expires to-day.

Forest Hill Boy Returns to States.

Ensign Robert S. Robertson, Jr., United States Navy, son of Mr. and Mrs. R. S. Robertson, of Forest Hill, who has been on a lengthy trip on the cruise of the Ensign, is on his way back to California. Young Robertson has been in the far East for nearly two years, where, owing to the climatic conditions, he suffered a breakdown in health. Accordingly, the authorities ordered him to the Naval Hospital at Mare Island, California, for treatment.

Prostrated by Heat.

George Williams, of 1505 Stockton Street, was overcome by the severe heat yesterday morning. He was treated by Dr. Coker, in charge of the city ambulance, and is reported to be improving.

Clyburn Fined \$5.

Walter Clyburn, charged with creating a disturbance in the saloon of G. Thompson, was fined \$5 and costs in Police Court Part II, yesterday morning. This was the only case heard by Justice H. A. Maurice.

Scouts Return From "Hike."

Patrol leaders of Troop No. 11, Boy Scouts of the Southside, returned home yesterday afternoon from a hike to Westhampton where they camped one night near the Bon Air Bridge. The trip was made for the purpose of giving the boys a course in first-aid and cooking. Scoutmaster Odie B. Hinman was in charge of the party, which consisted of Dan Ingram, Selton Phippen and "Lin" Cersley.

Arrest Pistol "Tater."

Graham Morrison, colored, was arrested by Officer R. L. Dunnivant yesterday on the charge of carrying a concealed weapon. Morrison was seen with the revolver, which was a seven-shooting Colt's, near the Atlantic

(Continued From First Page.)

had broken their tariff promises made to the working people of New England before the last national election, Senator George P. McLean, of Connecticut, assailed the Underwood-Simmons bill in the Senate to-day.

Recounting the campaign in Connecticut, directed particularly against Representative Ebenezer Hill, of the Ways and Means Committee, Senator McLean referred to passages from speeches made by Majority Leader Underwood, Secretary of Commerce Redfield, Representative Reilly and Governor S. E. Baldwin, whom he quoted as assuring the mill workers that the Democratic tariff would look after the differences in cost of production here and abroad.

"The protection Democrats have tried to compromise with the 'Free Trade' Democrats, and this, of course, is impossible," Senator McLean said. "You cannot compromise with the arithmetic or the compass. Either you are there or you are not there. If 20 per cent does not protect, 10 per cent will not protect. My complaint is that the Democratic party has broken its sacred promise to the people of Connecticut. This I have shown from the lips of those Democrats who alone had authority to do the promising. If adequate protection is found in any rate contained in this bill, it is there by accident only."

PRESIDENT WILSON SENDS NOMINATIONS TO SENATE.

Washington, July 30.—President Wilson sent to the Senate to-day the following nominations:

To be chief of engineers, with rank of brigadier-general, Colonel William T. Russell, corps of engineers.

Captain, to be rear-admiral, Henry T. Mier.

Postmasters: North Carolina—J. T. Dick, Mebane.

South Carolina—R. W. Scott, Jonesville; Newell Fant, Walhalla; E. K. Arnold, Woodruff.

CAUCUS TO MARK BITTER FIGHT

Democrats Will Strenuously Oppose Any Proposition to Increase Expenditures.

Washington, July 30.—A battle for appropriations for public buildings at the extra session of Congress will begin among House Democrats to-morrow when a specially called caucus will take up the matter. The caucus, called on invitation of members of the Public Building Committee and other members interested in securing public building appropriations, is to consider a resolution instructing the appropriations committee to include in the pending public buildings bill an item appropriating sufficient money to cover the expenses of selecting sites and other deficiencies for public buildings provided for in the omnibus public buildings bill, passed at the last session of the Sixty-second Congress.

The Democratic leaders undoubtedly will oppose strenuously any proposition to increase expenditures in the face of their economy pledges, and the caucus is expected to mark the beginning of a bitter fight.

Chairman Fitzgerald, of the Appropriations Committee, will considerably wrought up over the caucus call. He declared that the committee was still considering the deficiency bill, and was looking for instructions from no one.

MULHALL WILL BE CROSS-EXAMINED

Washington, July 30.—The Senate Lobby Investigating Committee to-night cleared the way for the cross-examination of Martin M. Mulhall, the alleged ex-lobbyist of the National Association of Manufacturers, by law-

recommendation for the recognition of the Mexican government, under certain conditions and restrictions. These would include an agreement for an election October 25 to choose a permanent constitutional government, proper guarantees for the protection of American lives and property, a satisfactory arrangement to insure the payment of all present or future claims for Americans or their property, the settlement of several long standing disputes between this country and Mexico, principally as to boundary matters, and the selection of a Mexican Cabinet officer to control the elections, whose character would be a promise of fair dealing to the Constitutional forces.

President Huerta had assured him Ambassador Wilson told the committee that he would not again be candidate for President. A proposal to put this in as one restriction upon the recognition of the government was discussed in the committee, but it is understood Huerta has asserted he would not accept such a condition.

The proposal to select a strong Constitutional for the post of Minister of Gobernacion in the Cabinet, responding somewhat to the Secretaryship of the Interior in this country, also was discussed as a possible condition of recognition. This suggestion was discussed by Mr. Wilson as a means of guaranteeing the constitutional election and of meeting any criticisms of the Constitutional party directed against the integrity of the elections.

Agrees to Intervention.

Ambassador Wilson told the committee he believed intervention highly undesirable. The method by which the United States could enforce a guarantee for the payment of the immense claims that will follow a settlement of affairs in the republic was discussed at length. One suggestion was that the Mexican government could secure the American claims through a temporary concession of territory sufficient to guarantee that all American claims would be paid.

The conference ended shortly after 2 o'clock. It was announced that the ambassador would return to-morrow, but late in the afternoon Chairman Bacon said the committee had decided not to hear him further at this time. No action was taken on any of the proposals or recommendations made by the ambassador, and the committee was not expected to formulate any opinion as to Mexican policy until President

He Is Still Here! Who? Gray!

The Man Who Has Been for Weeks at Tragle's Drug Store Introducing the Quaker Herb Remedy That Has Cured So Many People.

Some were cases of rheumatism in its worst form; others who have suffered for years with catarrh of the stomach, kidneys, bladder or lower organs; even some who had lost the sense of smell, and hearing has been restored to many. Many a little darling is now sleeping with that soft, gentle zephyr of a healthy child, instead of that awful grating of teeth, screaming out in their sleep, nervousness, bad breath, especially in the morning, those dark circles under the eyes. Their parents have provided the Quaker Herb Extract, and the worms have been expelled. To-day they eat regular, sleep well, and, in fact, are better every way. Then, again, realize how many

people have expelled those life-sapping tapeworms and parasites, who suffered for years with supposed stomach troubles, bloating, belching, dizziness, shortness of breath, faint, creaking feeling, and now are all praising the Quaker remedies; not only them, but persons who are cured from constipation, indigestion, dyspepsia, biliousness, nervousness, weak and run-down, chills, fever and all blood troubles. Call to-day, have a talk with Gray at Tragle's drug store. Gray is still there. If you can't call, order by mail. The remedies will be sent you by express. Quaker Herb Extract, \$1.00 per bottle, 6 for \$5.00, now 3 for \$2.50; Oil of Balm, the great pain reliever, 50c.—Advertisement.

NEWS OF SOUTH RICHMOND

NEGRESS CAPTURED

Ellen Dixon, Who Escaped from Chesterfield Jail, Again Behind Bars.

Ellen Dixon, a young colored girl, who with an accomplice, made her escape from the Chesterfield County Jail by a clever ruse Monday night, when Jailor N. H. Cogbill went to feed them, has been captured. Her confederate, Lotie Johnson, is still at large, but the county police expect to locate her shortly.

The Dixon girl is accused of stealing money from the home in which she was employed as a servant.

While looking after the wants of his prisoners, Mr. Cogbill, who is known for his leniency with those in his charge, suddenly had the door of the prison locked upon him, and was surprised to see the former inmates fleeing across the yard. For some time he himself was a prisoner, until aid could be summoned.

Jailor Cogbill, who has handled several murderers with safety, is greatly chagrined at the idea of being worsted by two negroes, and declares he will be more strict with prisoners in the future.

SCHOOL APPROPRIATION

Council Will Decide on Question of New \$100,000 School Building.

Action on the \$100,000 school appropriation which has been recommended by the School Board for the Southside meeting of the City Council on next Monday night. Mr. Stock Owner

do you give your sick animals

doped medicines?

Did you ever think of that?

Many animals die after treatment with doped medicines

which are worse than none at all.

An animal with a weak heart or run-down condition cannot stand being drugged. When the reaction sets in they usually die.

You should take as much care in doctoring your stock as you would your family.

Noah's Horse Remedies

are medicines—not doped. Be on the safe side by giving your animals these tested remedies.

Noah's Colic Remedy is recommended for that most dangerous disease, Colic, and is harmless in its effect. Slope to administer—given on the tongue. Cheap in price—50c a bottle, and worth \$5.00 a stock owner.

Noah's Fever Remedy is a medicine for fever, coughs, colds, distemper, influenza, lung troubles, and the treatment of all fevers in cows. Given on the tongue. Two sizes, 50c and \$1.00.

Noah's Liniment is the best all-round family and stock remedy on the market. Contains no alcohol, chloroform, ammonia, naphtha, benzine, or poisonous drugs. 50c, 100c and \$1.00 a bottle. (Deliciously palatable.)

Noah's Kyr-Gal Ointment for fresh cuts, old sores, scratches, corns, galls, sore backs, and thrush in horses' feet cannot be beat. 25c per can.

Sold by all dealers in Medicine

Made in Richmond by Noah Remedy Co.

"My stable boss says the Noah Remedies are the best he ever used, and he'll be the first to give them to his neighbors. He also says your colic remedy is doing fine and he'll be the first to give it to his neighbors."

Mr. Davis, Dept. State Farm, Lagarto, Va.

We cheerfully recommend Noah's Remedies to all who are afflicted with any of the above named diseases. We have obtained better results from their use than we did from remedies costing \$5.00 per bottle. Norfolk and Portsmouth, Transfer Co., Norfolk, Va.
